

MR476

DVD+R Double Layer 8.5GB|240min 8x speed, silver, unprinted/blank,
Cake 25

MediaRange DVD+R double layer storage media without logo for professional use. The excellent recording stability allows your data to be saved in just a few minutes with write speeds of up to 8x. The superb compatibility with burners and players ensures that you can access your personal photos, documents, music, videos and backups anywhere and at any time. Our entire range of storage media is known for its long archival life and excellent UV light resistance. The scratch resistant surface provides your data with additional protection from everyday wear and tear and is also perfect for thermal transfer printing methods.
