MediaRange

Reliable USB-C to HDMI Connection for Clear Audio-Visual Performance

Designed for modern connectivity, this compact 20cm converter bridges the gap between newer USB-C devices and standard HDMI displays. The gold-plated contacts ensure stable signal quality and long-lasting durability.

With support for resolutions up to 1920 x 1080 @ 60 Hz, this compact converter offers smooth video playback and synchronized audio transmission. The gold-plated contacts guarantee optimal signal quality, while Plug & Play compatibility allows for effortless setup with Windows, macOS, and Linux – no drivers required.

Whether you're presenting content in meetings, streaming media at home, or connecting displays in digital signage applications, this converter delivers reliable performance.

Key Features:

- **High-quality signal transmission:** Smooth and sharp video output with integrated audio support.
- **Full HD support:** Crisp resolutions up to 1920 x 1080 @ 60 Hz.
- **Plug & Play Compatibility:** Fully compatible with Windows, macOS, and Android systems; no drivers required.
- **Compact & Lightweight:** Compact and lightweight for any workstation.
