MediaRange

Reliable HDMI Extension for High-Speed 4K Transmission

Our HDMI™ Premium High Speed Ethernet Extension Cable (Ver. 2.0) provides seamless signal extension for your HDMI devices while maintaining excellent quality and bandwidth.

The HDMI plug-to-socket configuration makes it easy to extend existing cables or reposition devices without loss of signal quality. With data transfer rates up to 18 GB/s, it supports cutting-edge features such as HDR, ARC, and full 3D playback—ideal for 4K @ 60Hz displays.

Whether you're connecting displays in an office, extending home entertainment connections, or working with demanding AV environments, this cable is built for high performance and durability.

Key Features:

- **4K UHD Support:** Supports resolutions up to 3840 x 2160 @ 60Hz with HDR and 3D playback.
- **High Bandwidth:** Transfer speeds up to 18 Gbps ensure smooth audio/video transmission.
- **Plug & Play:** No drivers required; fully compatible with Windows, macOS, and Linux.
- **Gold-Plated Contacts:** For optimal signal transmission and corrosion resistance.
- **Sturdy Design:** 2m black cable with 32 AWG core ensures both flexibility and durability.
