MRCS214

MediaRange USB Type-C® Charge and Sync Cable with E-mark Chip, USB 3.2 Gen 1x2, 10 Gbps, supports USB-C Power Delivery 3.0, Quick Charge 3.0 and PPS, 100W max., 1.2m, Black

MediaRange Cables are designed with the latest technology to meet your charging and syncing needs. USB-C is the future of charging and data transfer. Expect fast charging, high-speed data transfer and durable design that will stand the test of time. Our USB Type-C Charge and sync cables are perfect for fast and efficient charging and syncing of your devices, and supporting USB-C Power Delivery 3.0, Quick Charge 3.0 and PPS making it compatible with a wide range of devices. The built-in E-Mark chip, ensuring optimal performance and highest safety during charging. With a USB 3.2 Gen 1x2 data transfer rate of up to 10 Gbps, you can quickly transfer large files and sync your devices in no time. This cable can handle up to 100W of power, making it ideal for charging laptops, tablets and other high-power devices.

Technical Specs:

- Supports USB Type-C Power Delivery 3.0, Quick Charge 3.0 and

PPS (Programmable Power Supply)
- E-mark Chip
- Maximum Output Power: Up to 100W
- Data Transfer Rate: USB 3.2 Gen 1x2, 10 Gbps
- Length: 1.2 meters
- Color: Black

FEATURES

- Supports USB Type-C Power Delivery 3.0: Up to 70 % faster charging of smartphones or other devices.
- Supports Quick Charge 3.0: Up to 4 times faster charging of a compatible device.
- Supports PPS (Programmable Power Supply): Ensures efficient charging and safety and minimizes heat generation.
- E-mark chip: allows for advanced communication between the cable and connected devices, enabling optimal power delivery and data transfer.
- Maximum Output Power 100W: The cable supports a maximum power output of up to 100 watts, making it suitable for charging a variety of devices, including laptops, tablets, smartphones, and other USB Type-C powered gadgets.
- USB 3.2 Gen 1x2 Data Transfer Rate of up to 10 Gbps: This high-speed data transfer capability is ideal for quickly transferring large files, such as videos, photos, and documents.
- 1.2 Meters Length: providing a suitable and practical length for connecting devices over short distances.

APPLICATIONS

- Smartphones, Tablets and Laptops: Ensure constant connectivity for your crucial communication tools. Designed for efficiency and reliability, it provides a swift and consistent charge, keeping your smartphones, tablets and laptops powered at any time.
- Wearables: Optimize the performance of your smartwatches and fitness trackers. Engineered to meet the specific charging needs of wearables, it guarantees a quick and efficient power-up.
- Other Mobile Devices: Experience versatile charging for a range of mobile devices, from cameras to gaming controllers. Our Cable provides optimal charging for all your tech essentials.
