

MRBAT124-6

MediaRange High capacity rechargeable NiMH Accu, E-Block|6HR61/HR22|9V in Bigpack

MediaRange high capacity rechargeable batteries are perfect for devices with high power consumption and continual use. The state-of-the-art technology provides maximum quality and supplies your devices with continuous power.

FEATURES

- Type: High capacity NiMH Accu 6HR61/HR22
- Size: E-Block
- Dimensions: 48.5x26.5x17.5mm
- Voltage: 9V
- Capacity: 300mAh
- 0% cadmium and mercury
- Packaging: single
- Up to 1000x rechargeable
- Latest battery technology
- Continuous power supply
- Long-lasting power
- Excellent reliability

APPLICATIONS

- Suitable for devices with high power consumption and continual use: smoke detectors, electronic and remote controlled toys, measuring instruments, remote controls etc.

Operating and Safety instructions

Rechargeable. | Do not dispose of in fire. | Do not open.

Please make sure that you use the correct size and type of the battery specified by the manufacturer of your device.

Please make sure that the batteries are inserted with the correct polarity. Plus (+) and minus (-) pins are marked both on our batteries.

Remove batteries from the device when it is not in use for several months.

Store batteries in a dry place at normal room temperature.

Do not use batteries in extremely hot or cold areas. Extreme temperatures reduce the battery performance.

In case a Battery has leaked, perform this with safety in mind and avoid skin contact and dispose the battery in correct way (See disposal).

Disposal

Disposal of old batteries: This device is subjected to the European Directive 2006/66/EG. All the old batteries must be disposed separated from household garbage through the government agencies designated for that purpose. By disposing the batteries in this prescribed manner, you can avoid environmental damages.
