

MRPL606-C

Professional Line DVD+R Double Layer 8.5GB|240min 8x speed, silver, unprinted/blank, Cake 100

MediaRange DVD+R DL media provide maximum reliability and are designed to meet the high demands of professional duplication. The excellent recording stability allows your data to be professionally duplicated in just a few minutes with write speeds of up to 8x. Their superb compatibility with burners, printers and robotic systems also ensures smooth production. Our entire line of professional storage media is known for its long archival life and excellent UV light resistance. The shiny silver surface of the disc is perfect for professional thermal transfer, screen and offset printing.
