

MROS305

MediaRange Wireless mono headset with microphone, 180mAh battery, black

MediaRange PC Bluetooth headsets are ideal for conference calls, video conferences or for speech recognition. The Bluetooth connection allows you to move freely in the room without a cable hanging in your way. The flexible microphone arm and the padded, freely rotatable ear cup ensure a comfortable fit and high wearing comfort. The MediaRange headsets offer you clear and unambiguous communication at your conferences. The noise filter microphone also ensures that annoying ambient noises are filtered out of your conversation. Thanks to the adjustable headband, the headset adapts perfectly to any head shape.You only need to connect the headset to a PC, laptop or mobile device via Bluetooth connection to use it.The headset controls have four functions: Volume Up, Volume Down, Previous Song, Next Song.The multifunction button lets you switch the headset on, off and mute.
