

MR1904

MediaRange USB 3.2 Gen 1 High Performance Flash Memory Drive, Housing with Protective Cap, Silver/Black, 512GB

MediaRange flash storage media stand for the highest level of quality and reliability. Our high-performance flash drives, with capacities from 16GB to 1TB, offer sufficient storage space for all your documents, photos, music or videos and are ideal for archiving and exchanging your data at lightning speed. Thanks to the USB-A connection, you have convenient and secure access to your data anytime and anywhere and can process it quickly and efficiently. The compact size of our USB flash drives makes it easy to transport your data so that it is always to hand. The robust aluminum housing with protective cap protects the USB plug from physical damage and dust. Thanks to its USB-A interface, the stick offers reliable performance and guarantees compatibility with all current operating systems.

- Long archival life
- Excellent compatibility with all current operating systems
- Size (approx.): 59 x 12 x 7 mm
- Net weight (approx.): 15g

Notes: Actual available storage may be up to 10% less than the listed capacity due to formatting and other functions. 1 GB = 1 billion bytes. Data transfer rates can vary depending on the device and file size. To avoid data loss or corruption, do not disconnect the device during read/write operations and ensure it is correctly ejected from the computer before unplugging. MediaRange is not liable for data loss or damage to connected devices. Always back up important data. Store the device in a cool, dry place, and avoid exposure to extreme temperatures and direct sunlight. All brands and product names referenced in here are property of their respective owners and referred to descriptive purposes only.

APPLICATIONS

- Ideal for quickly exchanging and editing your data
- Ideal for safely transporting your data
