

MRBAT160

MediaRange Rechargeable USB-C Li-Ion Batteries, Micro AAA I 1.5V I 500mAh, 4-Pack

MediaRange rechargeable Li-Ion batteries offer a sustainable and high-performance power solution for your everyday devices. Designed to replace single-use alkaline batteries, these innovative USB-C rechargeable batteries provide reliable 1.5V output, ensuring optimal performance in various electronic devices. With up to 1200 charging cycles, they help reduce waste and lower long-term costs while maintaining consistent power delivery. Thanks to their integrated USB-C charging port, recharging is simple and efficient, eliminating the need for traditional battery chargers. Featuring advanced safety mechanisms, including overvoltage, short-circuit, and overcharge protection, our rechargeable batteries are an eco-friendly and user-friendly alternative for modern energy needs.

USB-C Rechargeable: No need for traditional battery chargers – simply plug into any USB power source.

Long Lifespan: Up to 1200 charge cycles for extended use.

Eco-Friendly Solution: Reduces battery waste and helps save money over time.

Fast Charging: Fully charges in approximately 2 hours.

Latest Safety Features: Protection against overvoltage, short circuit, and overcharging.

LED Charging Indicator: Flashing while charging, steady light when fully charged.

Convenient Charging: Includes a 4-to-1 USB charging cable for simultaneous charging of multiple batteries.

FEATURES

- Size: Micro AAA (10.5 x 44.5mm)
- Voltage: 1.5V
- Charging Input: USB-C DC 5.0V/90mA (max.)
- Charging Cycles: Up to 1200
- Charging Time: Approx. 2 hours
- Weight: Approx. 8g per piece
- Included Accessories: 4-to-1 USB charging cable

APPLICATIONS

- Ideal for all devices requiring 1.5V Micro AAA batteries
- Everyday Devices: Perfect for remote controls, wireless mice, and keyboards
- Portable Gadgets: Ideal for cameras, game controllers, and other battery-powered gadgets.
- Outdoor Gear: Reliable power for flashlights, camping lanterns, and GPS devices.
- Toys: A sustainable solution for children's battery-operated toys.
