

MRCS244

MediaRange Active USB Extension Cable, 2x USB-A Plug to 1x USB-A Socket, 2x Repeater, USB 3.0, 5 Gbps Data Transfer Rate, 15m, Black

Seamless Connectivity for Every Setup

MediaRange offers a comprehensive selection of high-quality cables and converters, designed to meet the needs of both professional and everyday users. Whether you're looking for a reliable adapter, a converter or durable connectivity accessories, our products ensure seamless integration and performance.

From office workstations to home entertainment systems, our cables and converters provide clear, stable signal conversion, support resolutions up to 3.840 x 2.160 @ 60 Hz, and they are ready for immediate use thanks to Plug & Play. Experience smooth video and Audio output and dependable performance for all your display needs.

Reliable USB Extension with Built-in Repeaters for Stable Long-Distance Connections

Our active USB 3.2 Gen 1 extension cable with two integrated repeaters is the perfect solution for stable and fast USB connections over extended distances. Designed for performance and flexibility, the cable supports transfer rates of up to 5 Gbps and extends USB connectivity up to 15 meters—ideal for demanding setups in offices, studios, or at home.

Equipped with dual USB Type-A plugs and a single USB Type-A socket, the cable ensures seamless data transmission and power supply without signal degradation. Gold-plated contacts enhance conductivity and durability, while the black outer jacket provides a professional and sleek finish.

Compatible with Windows, macOS, and Linux systems, this extension cable is the reliable choice for all your USB 3.0 devices.

Key Features:

- **High-Speed Performance:** Supports USB 3.2 Gen 1 with up to 5 Gbps data transfer rate
- **Active Signal Boosting:** Two built-in repeaters for consistent, long-distance transmission
- **Plug & Play:** Fully compatible with Windows, macOS, and Linux—no drivers needed
- **Robust Design:** Gold-plated connectors and durable 15m black cable
