

MROS307

MediaRange Wireless On-Ear ENC Stereo Headset with rotatable microphone arm, Function Buttons, Rechargeable 400mAh Battery, Dual-Device Connectivity, (BT Ver. 5.2), Black

Professional communication made simple.

Whether working from the office, at home or on the move, the MediaRange MROS307 wireless headset is designed to deliver reliable audio performance for modern work environments. With stable wireless connectivity, long battery life and clear voice transmission, it helps you stay focused and productive throughout the day.

Clear voice transmission for meetings and calls.

Environmental Noise Cancellation (ENC) technology helps reduce background noise during calls, allowing your voice to remain clear and understandable even in busy environments. The integrated 270° rotatable microphone offers flexible positioning and can be easily adjusted for optimal voice pickup.

Flexible connectivity across your devices.

Connect easily to your computer using the included 2.4 GHz USB receiver or pair the headset with your smartphone using BT 5.2 wireless connectivity. Thanks to dual-device connectivity, you can switch conveniently between your PC and mobile device depending on your work situation.

Designed for everyday comfort.

Lightweight construction and soft ear cushions ensure comfortable wearing even during extended working sessions. The ergonomic on-ear design allows you to focus on your tasks without distraction.

Reliable battery performance.

With up to 55 hours of playback time and 35 hours of talk time, the MROS307 supports long working days without frequent charging. The rechargeable lithium-polymer battery can be fully recharged via USB-C in approximately two hours.

FEATURES

Key Features

- Environmental Noise Cancellation (ENC) for clear calls
- 270° rotatable microphone for flexible positioning
- One-click microphone mute
- Lightweight design for comfortable long-term use
- Housing made with 20% recycled materials
