MediaRange

MRPL515

Professional Line CD-R 700MB|80min 52x speed, inkjet fullsurface printable, silver, wide sputtered, diamond dye, Cake 100

MediaRange Professional Line CD-R media provide maximum reliability and are designed to meet the high demands of professional duplication. The excellent recording stability allows your data to be professionally duplicated in just a few minutes with write speeds of up to 52x. Their superb compatibility with burners, printers and robotic systems also ensures smooth production. Our entire range of storage media is known for its long archival life and excellent UV light resistance. With a printing area of 23 - 118mm these discs are perfect for professional inkjet printing. The completely metalized underside of the disc allows for a top-quality image. The silver writable side of the disc hides burn marks almost completely so they look just like pressed CDs.
