- Designed for general consumer use. For industrial or high-temperature applications, consider industrial-grade alternatives.
- To avoid data loss or corruption, do not disconnect the device during read/write operations and ensure it is correctly ejected from the computer before unplugging.
- Always back up important data.
- Keep out of reach of children and pets.
- Store the device in a cool, dry place, and avoid exposure to extreme temperatures and direct sunlight.
- Operating Conditions: 0°C to 45°C / Non-operating Conditions: -10°C to 60°C.
- Defective devices due to material or manufacturing faults will be replaced free of charge.
- This warranty excludes damage caused by improper handling, misuse, accidents, or incorrect storage.
- No liability is accepted for data loss, regardless of the cause.

Additional Notes

- 1) 1 GB = 1 billion bytes. Actual storage capacity may be less due to formatting and file system requirements.
- 2) Data transfer rates can vary depending on the device and file size.
- 3) **File System Suitability:**
  - **FAT32:** Compatible with Windows, macOS, Linux, smart TVs, car stereos, gaming consoles. Max. File Size: Limited to 4GB.
  - **exFAT:** Compatible with Windows & macOS versions – ideal for large files. No 4GB limit.
  - **NTFS:** Compatible with Windows (full), macOS (read-only). Not ideal for USB sticks unless used with Windows.

  Files with various can be changed by reformatting the drive using your operating system's disk management tools.
- 4) Estimated values based on average file sizes: (~3 MB/ JPEG), (~6 GB/hr HD video), (~4MB/ MP3) and (~1 MB/Document)
- All products and illustrations mentioned are subject to change. Technical changes as well as errors and misprints are reserved.
