MediaRange Charge and Sync Cable, USB 3.2 Gen 1x1 to USB Type-C® Plug, 5 Gbps, 12W max., 1.2m, Black

MediaRange Cables are designed with the latest technology to meet your charging and syncing needs. USB-C is the future of charging and data transfer. Expect fast charging, high-speed data transfer and durable design that will stand the test of time. Our USB Charge and sync cables are perfect for fast and efficient charging and syncing of your devices. With a USB 3.2 Gen 1x1 data transfer rate of up to 5 Gbps, you can quickly transfer large files and sync your devices in no time. This cable can handle up to 12W of power, making it ideal for charging smartphones, tablets and other devices.

Technical Specs:

- Cable Type: USB Charge and Sync Cable
- Plugs: USB A Plug to USB Type-C Plug
- Maximum Output Power: Up to 12W
- Data Transfer Rate: USB 3.2 Gen 1x1, Up to 5 Gbps

FEATURES

- USB Charge and Sync Cable: This cable is designed for both charging and syncing data between devices. It serves a dual purpose, making it versatile for various applications.
- USB A Plug to USB Type-C Plug: This configuration is common for modern devices, providing compatibility with the latest USB Type-C ports and the traditional USB Type-A ports found on many computers and chargers.
- Maximum Output Power 12W: The cable supports a maximum power output of up to 12 watts, making it suitable for charging a variety of devices, including smartphones , tablets, smartphones, and other USB Type-C powered gadgets.
- USB 3.2 Gen 1x1 Data Transfer Rate of up to 5 Gbps: This high-speed data transfer capability is ideal for quick syncing of files, such as photos, videos, and documents.
- Durable Design: The cable is double-shielded and designed in a round shape. This combination ensures enhanced protection against electromagnetic interference, maintaining a stable and reliable connection.
- 1.2m Length: Providing a suitable and practical length for connecting devices over short distances.

APPLICATIONS

- Smartphones and Tablets : Ensure constant connectivity for your crucial communication tools. Designed for efficiency and reliability, it provides a swift and consistent charge, keeping your smartphones and tablets powered at any time.
- Wearables: Optimize the performance of your smartwatches and fitness trackers. Engineered to meet the specific charging needs of wearables, it guarantees a quick and efficient power-up.
- Other Mobile Devices: Experience versatile charging for a range of mobile devices, from cameras to gaming controllers. Our Cable provides optimal charging for all your tech essentials.
