

MRINK141

MediaRange Multi-purpose labels, permanent adhesive, 210x148.5mm, white, 100 labels

MediaRange high-quality permanent adhesive multi-purpose labels are versatile and can be used with almost any inkjet- and laser printer and copier. Our labels come in a variety of sizes and are designed to meet all your labeling demands. The white, matte-coated surface of our labels provide clean, professional prints and are easy to read even after application thanks to the fast-drying, smudge-resistant coating. The permanently adhesive labels offer excellent color retention and are therefore also suitable for long-term labeling of your objects.

APPLICATIONS

- Perfect for product labeling, file organization and office use.
- Great for labeling products such as packaging, bottles and boxes.
- Ideal for organizing files and documents, making it easy to find what you need.
- Perfect for labeling equipment, furniture and other supplies.

*Operating instructions: Before printing, please follow any special directions or instructions from your printer manufacturer regarding the correct placement of the label sheets: Depending on your printer, the sheets may be fed into the automatic feeder, the manual sheet feeder or placed in the paper tray. Use each label sheet only once to avoid any problems caused by previously removed labels. Follow the printer manufacturer's recommendations to correctly adjust the settings for this paper type. Test the various printer settings available to get the best possible print result.
