FEATURES

- High Definition Video Transmission: Suitable for transmitting high-resolution video signals between monitor, TV, Blu-ray player, games console and computer.
- Supports Full HD (1080p): Our DVI cables deliver sharp and clear images for an excellent video experience with a resolution of up to 1080p (Full HD).
- DVI Digital Dual Link: With 25-pin connectors in a 24+1 configuration, this cable supports Digital Dual Link technology and doubles the transmission power for improved digital signal transmission.
- Durable Design: The cable is high-quality shielded and designed in a round shape. This combination ensures enhanced protection against electromagnetic interference, maintaining a stable and reliable connection.
- Deep Color and x.v.Color Support: Supports Deep Color and x.v.Color technologies, allowing for more vibrant and lifelike color reproduction in supported content.
- 2.0m Length: Providing a suitable and practical length for connecting devices over short to medium distances.

APPLICATIONS

- Home Entertainment: Perfect for connecting a video device with a monitor, TV, computer and other devices.
- Gaming: Delivering optimal performance and reliability for an excellent gaming experience.
- Business: Professional Presentations with reliable connectivity for projectors and displays.
