- Excellent reliability

APPLICATIONS

- Suitable for devices with high power consumption and continual use: digital cameras, alarm clocks, toys, remote controls, flashlights, etc.

Operating and Safety instructions

Not rechargeable. | Do not dispose of in fire. | Do not open.

Please make sure that you use the correct size and type of the battery specified by the manufacturer of your device.

Please make sure that the batteries are inserted with the correct polarity. Plus (+) and minus (-) pins are marked both on our batteries.

Remove batteries from the device when it is not in use for several months.

Store batteries in a dry place at normal room temperature.

Do not use batteries in extremely hot or cold areas. Extreme temperatures reduce the battery performance.

In case a Battery has leaked, perform this with safety in mind and avoid skin contact and dispose the battery in correct way (See disposal).

Disposal

Disposal of old batteries: This device is subjected to the European Directive 2006/66/EG. All the old batteries must be disposed separated from household garbage through the government agencies designated for that purpose. By disposing the batteries in this prescribed manner, you can avoid environmental damages.
