MRCS116

MediaRange Network Cable, UTP CAT 6 (1Gbps), RJ45 Plugs with Latch, 3.0m, Black

MediaRange UTP CAT 6 Network Cables ensure seamless data transmission with a maximum speed of up to 1Gbps. Our high-grade cables are designed for durability, and guarantee excellent connectivity for your networking needs. The RJ45 connectors with latches on both ends, offer a secure and stable connection, making it an ideal choice for various network solutions.

Technical Specs:

- Cable-Type: Network Cable, RJ45 Plugs with Latch
- Data Transfer rate: Category 6 (CAT6), 1Gbps
- Gold Plated Connectors (Pins)
- AWG: 26 (0,405mm diameter)
- High-quality shielding for low-loss signal transmission
- Shape: Round

FEATURES

- Category 6 (CAT6) 1Gbps Transfer Rate: This high-speed data transfer capability is ideal for quick transfer of files, such as photos, videos, and documents across your network infrastructure.
- Connectorss with Latches: The RJ45 plugs, equipped with latches on both ends, providing secure and reliable connections.
- Durable Design: The cable is high-quality shielded and designed in a round shape. This combination ensures enhanced protection against electromagnetic interference, maintaining a stable and reliable connection.
- 3.0m Length: Providing a suitable and practical length for connecting devices over medium distances.

APPLICATIONS

- Home: Ideal for creating home networks, enabling smooth streaming and sharing of files between devices.
- Gaming: Delivering optimal performance and reliability for an excellent gaming experience.
- Office: Perfect for connecting computers, printers, and other networking devices in office settings, facilitating seamless data transfer.
- Educational Institutions: Used in educational institutions for networking classrooms, labs, and administrative areas.
