MRPL401

Professional Line BD-R 25GB, 6x speed, inkjet fullsurface printable, Proselect white, wide sputtered, Cake 25

MediaRange Professional Line BD-R media provide maximum reliability and are designed to meet the high demands of professional duplication. The excellent recording stability allows your data to be professionally duplicated in just a few minutes with write speeds of up to 6x. All of our BD-R media are produced with the "high to low" method ensuring excellent compatibility with burners, printers and robotic systems and smooth production. Our entire line of professional storage media is known for its long archival life and excellent UV light resistance. The ProSelect series, with a printing area of 23 - 118mm, is equipped with a special lacquer making these discs perfect for professional inkjet printing. The completely metalized underside of the disc allows for a top-quality continuous image without any color changes in the inner printing area.
