MR507

MediaRange BD-R Dual Layer 50GB, 6x speed, Cake 10

MediaRange BD-R dual layer storage media allow you to write smaller data pits thanks to modern Blu-ray technology. This means you can fit up to 10 times the volume of a standard DVD on just one disc quickly and efficiently. The excellent recording stability allows your data to be saved in just 30 minutes with write speeds of up to 6x. All of our BD-R media are produced with the "high to low" method for superior quality and reliability. The superb compatibility with burners and players ensures that you can access your personal photos, documents, music, videos and backups anywhere and at any time. Our entire range of storage media is known for its long archival life and excellent UV light resistance. The scratch resistant surface also protects your data from everyday wear and tear.
