storage solutions. The scratch-resistant surface adds another layer of protection against everyday handling.

MediaRange BD-R Dual Layer discs are ideal for storing large volumes of data, high-resolution photos, or HD and Full HD video content. With a storage capacity of 50GB per disc across two layers and recording speeds of up to 6x, they allow for quick and secure archiving. The HTL (High-to-Low) recording layer ensures excellent durability and long-term data integrity – perfect for professional content distribution and archival purposes.

These discs feature a white, full-surface inkjet printable layer for fully customizable and professional labeling. The high-resolution surface is quick-drying and designed for use with all standard inkjet printers that support direct disc printing. Give your discs a personal touch—ideal for presentations, customized labeling, or promotional media.

FEATURES

- Capacity (1): 50GB / 240 Minutes Full HD Video
- Format: BD-R Dual Layer (HTL type)
- Recording Speed: up to 6x
- Packaging: 10-Pack
- Surface: White, full-surface inkjet printable
- Printing area: 23 - 118mm
- Printable with appropriate inkjet printers
- Professional and quick-drying surface
- Dual Layer (DL) technology for increased storage capacity
- HTL (High-to-Low) recording layer for long archival life
- Excellent compatibility with Blu-ray burners and players
- Reliable recording stability for large data volumes
- UV light resistant
- Scratch-resistant recording layer

Estimated Storage Capacity (2)

- 16,600 Images
- 240 Minutes Full HD Video
- 12,500 Songs
- 50,000 Documents

APPLICATIONS

Applications

- Archiving high-resolution video and photo libraries
- Backing up large media and data sets
- Creating professional Blu-ray video productions
- Long-term storage of critical and sensitive data
- Software distribution and system image backups
- Multimedia publishing and content distribution
- Personalized BDs, photo collections, or promotional discs
- Professional media production

Handling and Storage

- Compatible with all inkjet printers supporting disc printing.
- Hold by the edges or center hole - Avoid touching the recording layer and printable surface.
- Keep discs free from scratches, dust, and fingerprints.
- Clean with a soft, dry cloth only.
- Store in a cool, dry place: 23?°C (±2?°C), Relative Humidity 50% (±5%)
- Avoid direct sunlight, heat, and humidity
- Do not stack for extended periods – separate manually before use
- Keep unrecorded discs sealed in original packaging until needed

Additional Notes and Warranty Conditions

- (1) 1 GB = 1 billion bytes. Actual storage capacity may be less due to formatting and file system requirements.
- (2) Estimated values based on average file sizes: (~3 MB/ JPEG), (~9 GB/hr HD video), (~4MB/ MP3) and (~1 MB/Document)
- Defective discs due to material or manufacturing faults will be replaced free of charge.
- This warranty excludes damage caused by improper handling, misuse, accidents, or incorrect storage.
- No liability is accepted for data loss, regardless of the cause.
- All products and illustrations mentioned are subject to change. The illustrations shown may differ from the actual product. Technical changes as well as errors and misprints are reserved.
- Blu-ray Disc™ and the Blu-ray Disc logo are trademarks of the Blu-ray Disc Association.
